'My Lord, Make This Country Safe'

ABOUT US

Specialized Expertise Company for Security Consulting and Specialized Training, a leading Saudi company in the field of security and protection of vital installations, VIPs, important conferences and events. Our team has extensive experience in the arena

Saudi security procedures and official protocols,

Thanks to our Saudi composition, which consists of security and military officers and experts in setting security and organizational strategies, security and safety, we have deep knowledge and practice of Saudi security regulations and systems. This helps us to provide integrated security solutions tailored to the needs of customers in the Kingdom of Saudi Arabia.

OUR VISION

Our vision is to enhance security and protection and contribute to achieving the goals and aspirations of the Kingdom's Vision 2030. We work efficiently and side by side with government agencies, companies, and institutions operating in the Kingdom of Saudi Arabia to develop and implement comprehensive security strategies that contribute to achieving the ambitious vision for the future.

We are proud to be part of the comprehensive development and transformation journey in the Kingdom of Saudi Arabia towards a safer and more sustainable future.

OUR GOALS

1. Providing integrated and effective security consultations and solutions that meet customers' needs in the Kingdom of Saudi Arabia.
2. Enhancing our reputation as experts in developing security, regulatory, safety, and security strategies in the Kingdom.
3. Providing specialized security training for the security sectors and contributing to enhancing the capabilities of security personnel and private companies in the Kingdom.
4. Utilizing the latest global technologies and standards in security services to provide innovative and reliable solutions to complex security challenges.
5. Building reliable partnerships with customers and achieving their satisfaction through professionalism and personal interaction.

OUR MESSAGE

We strive to achieve the highest levels of safety and protection for vital facilities, VIP figures, and main government services in the Kingdom of Saudi Arabia.

Through our distinguished team of Saudi experts and innovative technologies, we provide integrated and innovative solutions to meet modern security challenges, achieve customer satisfaction, and build sustainable relationships with them.

OUR VALUES

Integrity: We have values that are firmly rooted in integrity, which is the foundation of all aspects of our work.

Patriotism and excellence: As a Saudi company, we seek to achieve excellence that befits the status of the Kingdom of Saudi Arabia.

Trust and sustainable partnership: We believe in the power of partnership with our customers and seek to build sustainable relationships based on trust, mutual understanding, and shared success.

Professionalism and experience, We have a team of Saudi experts and global partnerships in the field of security and training, which ensures the provision of highly professional and reliable services.

OUR SERVICES

Our Experiences Make Us
Experts

Systems and Guidelines for VIP Protocols:

The service of preparing systems and guidelines for protocols for receiving visitors and VIPs aims to prepare and implement elaborate and organized reception procedures and ensure the reception of visitors and VIPs with the highest level of professionalism and organization, which enhances the institution's reputation and ensures a positive experience for visitors and VIPs. Implementing good protocols contributes to improving communication and interaction between the establishment and its guests, enhances confidence and satisfaction among the public, and helps achieve a good reputation for the establishment.

Evaluation of Security Guard Companies

We seek to provide an effective and comprehensive service aimed at evaluating and analyzing security guard companies accurately and objectively, whether to meet the needs of our current customers or to choose the appropriate company to provide the service. This service allows customers to make informed and optimal decisions when choosing the appropriate security guard company to meet their needs. During the evaluation process, we analyze all aspects of the performance of the nominated companies, from the competence and training of the guards to the strategies and methods used in carrying out security tasks.

Consultations

We provide a wide range of security consulting services, starting from conducting security studies and analyses to assess risks, and developing appropriate security plans to protect facilities and important persons.

We provide innovative solutions to complex security challenges with the latest technologies and global standards.

Specialized Training

We provide specialized security qualification and training programs for the security sectors and enhance the capabilities of security personnel in the security sectors and private sector companies. Security qualification and training are considered one of the most important services provided by the Specialized Experience Company for Security Consultations, as the company has a specialized and expert Saudi team in preparing and presenting military and security qualification programs.
